RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Sir:

In response to the April 19, 2005 Requirement To Elect between species,
Applicants hereby provisionally elect to prosecute Species 2, namely Claims 37 to 46.

The requirement is respectfully traversed.

Traversal is on the grounds that the PTO has not established any of the
factual predicates needed to impose such a requirement. In particular, since this is a
requirement to elect between species, and since species are always specifically different

I hereby certify that this correspondence is being facsimile transmitted to
the U.S. Patent and Trademark Office on:

embodiments of the invention, the PTO was required to identify the specifically different embodiments described in the specification. This was not done. Rather, the PTO equated different species to different claims, which is not permitted. See MPEP § 806.04(e):

"Claims are definitions of inventions..Claims are never species. Claims may be restricted to a single disclosed embodiment (i.e., a single species, and thus be designated a specific species claim), or a claim may include two or more of the disclosed embodiments within the breadth and scope of definition (and thus be designated a generic or genus claim).

"Species are always the specifically different embodiments."
(Emphasis in original)

Thus, the requirement to elect is faulty and should be withdrawn.

Applicant's undersigned attorney may be reached in our Costa Mesa, California office at (714) 540-8700. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,

Attorney for Applicant
Michael K. O'Neill
